Professional Summary

Results-driven **Data Analyst** with **3.5+ years** of experience building **Power BI** dashboards, automating reporting workflows with **Python** and **Advanced SQL**, and delivering **workforce and operational analytics** within enterprise IT environments. **Microsoft Certified Power BI Data Analyst (PL-300)** with hands-on expertise in **DAX**, **Power Query**, **Python (Pandas, NumPy)**, and **Advanced SQL** (CTEs, Window Functions, Subqueries). Proven ability to **transform complex operational datasets into executive-ready insights** that drive SLA performance, resource planning, and data-driven decision-making across large-scale enterprise delivery accounts.

Technical Skills

Data Visualisation: Power BI (DAX, Power Query), Tableau, Advanced Excel (PivotTables, Power Query, VLOOKUP, Macros), Google Sheets

Programming & Querying: Python (Pandas, NumPy, Matplotlib), Advanced SQL (CTEs, Window Functions, Subqueries, Joins), MySQL, Jupyter Notebook

Analytics Techniques: ETL, KPI Dashboard Development, RCA, Data Modelling, Trend Analysis, Reporting Automation, Data Cleaning, Statistical Analysis

Analytics Domains: Workforce Analytics, Operational Analytics, HR Analytics, Business Intelligence, ITSM Analytics

Cloud & Platforms: Microsoft Azure, ServiceNow, SharePoint, Confluence, Jira, Power Automate

Tools & Productivity: VS Code, Git, GitHub, PowerShell

Experience

Infosys Limited

Technology Analyst — Data Analyst

Apr 2026 – Present

Hyderabad, Telangana

- Designed and deployed **8+ Power BI** dashboards consolidating **SQL**-queried operational and workforce datasets, enabling **real-time KPI tracking** for **3+** business units and **reducing executive reporting turnaround from 3 days to 4 hours**.
- Analysed high-volume service delivery data using **Python (Pandas, NumPy)** and **Advanced SQL** (CTEs, Window Functions) across SLA adherence, escalation trends, and shift utilisation metrics, surfacing **actionable insights** that informed **resource planning and operational decisions**.
- Automated **12+** recurring reporting and data validation workflows using **Python** and **PowerShell**, **reducing manual reporting effort by ~60%** and improving data accuracy across CIS-EUC operational reporting cycles.

Infosys Limited

Senior System Engineer — Data Analyst & KM SPOC

Apr 2025 – Mar 2026

Hyderabad, Telangana

- Built **15+** automated dashboards and reporting solutions using **Power BI**, **SQL**, **Python**, and **Advanced Excel** for SLA/KPI monitoring, workforce trend analysis, and operational reporting across **3** client accounts.
- Conducted ticket volume and workforce utilisation trend analysis using **Advanced SQL** (CTEs, subqueries, aggregations) and **Python (Pandas)**, **improving resource planning efficiency** and reducing operational review cycle time.
- Developed automated KM reporting pipeline using **Power BI** and **Advanced Excel** (PivotTables, statistical analysis), **improving leadership visibility** into ticket reduction trends and KB utilisation metrics across **3** accounts.

Infosys Limited

System Engineer — Data Analyst & KM SPOC

Nov 2022 – Mar 2025

Hyderabad, Telangana

- Analysed ticket resolution datasets using **Advanced Excel** (PivotTables, VLOOKUP, statistical formulas) and **SQL** to identify resolution bottlenecks, producing **weekly operational reports** for leadership review across **2+** delivery accounts.
- Increased **KB utilisation by 30%** and reduced **repeat ticket volumes by ~20%** through **data-driven SOP/KB mapping**, structured knowledge gap analysis, and optimised workflow design.
- Led **Knowledge Management Forum** for **3 accounts**, conducting structured analysis of ticket trends, resolution patterns, and escalation data to **improve first-call resolution rates** and reduce L2 escalation dependency.

Certifications & Credentials

-
- **Microsoft Certified:** Power BI Data Analyst Associate (**PL-300**) | Azure Fundamentals (**AZ-900**)
 - **Microsoft:** Azure Data Fundamentals (**DP-900**) | Azure AI Fundamentals (**AI-900**) — *In Progress*
 - Infosys Certified: Business Analyst Associate | Database & SQL Professional | Python Associate | Gen AI Professional | Data Privacy Consultant Infosys
 - Data Analytics Certification — Skillovilla | Accredited by Wipro & FutureSkills Prime (NASSCOM) 2025
 - *Rookie of the Quarter — Q4 2024, Infosys CIS RISE Awards*

Key Projects

IT Service Desk & Knowledge Analytics Dashboard *(1.2 Years)*Power BI | SQL | Excel | ServiceNow | SharePoint | Power Automate

- Analysed **25K+** **ServiceNow** incidents, requests, and operational records using **SQL** and **Power BI**, building dashboards for **SLA compliance**, ticket ageing, escalation trends, **MTTR** analysis, incident-to-KB mapping, and **workforce utilisation** — **improving service visibility for operational leadership**.
- Automated reporting and approval workflows using **Power Automate**, **reducing manual reporting effort by 40%** and improving reporting turnaround time across the IT service desk function.
- Integrated **SharePoint** Knowledge Hub, SOP repositories, runbooks, and **ServiceNow** data into a **centralised governance reporting system**, enabling **end-to-end KB lifecycle management** and knowledge accuracy tracking.

Workforce Productivity & Operational Analytics *(1+ Year — Current)*SQL | Python | Power BI | Excel

- Processed and analysed **15K+** workforce and operational records using **SQL** and **Python (Pandas)** to identify productivity trends, workload distribution patterns, shift utilisation, and performance bottlenecks across delivery operations.
- Built interactive **Power BI** dashboards monitoring **workforce utilisation**, shift efficiency, employee productivity KPIs, attendance trends, and resource optimisation metrics for executive and operational stakeholders.
- Automated recurring reporting workflows using **Python**, **reducing manual effort by 35%** and improving reporting accuracy; generated **executive KPI reports** enabling **data-driven workforce planning decisions**.

Knowledge Base Effectiveness & KM Governance Analytics *(6 Months)*SharePoint | SQL | Python | Excel | Power Automate

- Designed analytics and reporting frameworks using **SQL**, **Python**, and **Excel** to monitor KB utilisation rate, knowledge accuracy, incident-to-KB mapping, and reusability metrics, **improving KB governance visibility across the enterprise**.
- Automated KB approval workflows and **SharePoint** integrations using **Power Automate**, **reducing manual maintenance effort by 45%** and improving content lifecycle governance.
- Improved KB adoption and **self-service efficiency by ~30%** through taxonomy-based KB structures, governance-driven content optimisation, and **KM maturity assessments** covering usage, training effectiveness, and process compliance.

Education

Malla Reddy Engineering College2018 — 2022

B.Tech in Mechanical Engineering | CGPA: 8.56 / 10.0Hyderabad, Telangana
